Toronto | Montreal | Quebec | Saguenay

# Your problems...

- ✗ Delay on your maintenance and costly unplanned repairs.
- ✗ Work orders stacked up on your desk.
- ✗ Disorganized inventory.
- ✗ Difficult tracking of your warranties/claims.
- ✗ No data on history and maintenance costs.
- ✗ Complicated integration with your other solutions (telemetry, fuel, accounting, dispatch).
- ✗ No KPIs or dashboard to make informed decisions.

# Our solutions!

- ✓ **Automation** of work orders and preventive maintenance.
- ✓ Data **centralization** and full traceability.
- ✓ **Inventory management** with barcodes and minimum/maximum.
- ✓ **Automation** of warranty notifications, tracking and claims.
- ✓ **Advanced search** by keyword, date, unit, etc.
- ✓ **1000+ integration** possibilities with your existing software.
- ✓ **100+ reports** and interactive dashboard with KPIs.
